Entrance Requirements

* indicates a required field.

To register for your exam, you must meet one of the following entrance requirements.

Select the appropriate qualification: *

Bachelor's Degree

I have completed a bachelor's degree or equivalent program. Most CFA Program applicants have the education to enroll in graduate studies in the country where they earned their degree, so if you're not sure if your program is comparable, ask your college or university.

Final-Year Student

I am a student in the final year of my bachelor's degree or equivalent program. I understand that I may register for the Level I Exam, but I must complete my degree program prior to registering for Level II.

Professional Experience

I have a combination of 4 years of full-time work experience and/or higher education. My full-time work does not need to be investment-related. I understand that part-time work does NOT qualify me for this track.

If you have a combination of full-time professional work and/or higher education that totals at least four years (48 months), you qualify for the CFA Program.

Professional work experience does not have to be investment-related. Part-time positions do not qualify.

By selecting to qualify with work experience or a combination of higher education and work experience, you confirm that your work experience and/or education meets our requirements. We may contact you for details about your work experience and/or education.

If you have any questions, please [contact us](#).
